Amazing

By letsgoyankees

Talk about inspiration... this guy came to my school and gave one of the best speeches I have ever heard. Very touching but also a point is put across from a different angle than anyone has ever approached it before. This guy knows it all about life. He found out the hard way, yes, but now he is making the lives of people

ACROSS THE COUNTRY better by going out of his way to tell his tragic life story as his example. He touches every aspect of life with his story and he is one of the nicest guys in the world, I hope he comes back and speaks again before i graduate.

Oh yea, the book is just as good and for anymore info on Bobby check out 10seconds.org

Ok but not what I expected

By Roz

I bought the book thinking it would be how Bobby Petrocelli worked with troubled youth. The last 2 chapters briefed over it but the rest of the book was about his life and how he was blessed by others and then how he dealt with tragedy. Ok but not what I was looking for.
