## **BRODY [RESISTANT OMEGAS 8] (SIREN PUBLISHING MENAGE AMOUR MANLOVE) BY JOYEE FLYNN PDF**

[Menage Amour ManLove: Erotic Alternative Paranormal Menage a Quatre Romance, M/M/M/M, werewolves, HEA] Brody Fitzgerald is the oldest of the fifteen abused Omegas found by Dewey when they took over the dire wolf pack. Now of age, and already having been activated by his old Alpha's abuse, life isn't getting any calmer than it was before... But at least he's safe now, or isn't he? Beta candidates Lief and Asher feel like they're on the edge of happiness, waiting for the rest of the pieces to fall into place so they can have an inner circle of their own, especially now that they're romantically involved. Love at first sight it might not be, but when Jaxon sees Brody for the first time, all he can see is his future. But when Brody refuses to take an inner circle, will they be able to push past his walls or will they take the risk that Brody will never love them and claim him anyways? Note: This book is written in first-person point of view. \*\* A Siren Erotic Romance

**GREAT READ!!!!**

By Shay

Great read! I loved this book as well as her others. I don't know why some people wouldn't like this book because of "grammar" run on sentences etc. Yes because THAT'S why I read the books because of grammar(sarcasm) incase in was hard to miss! I could completely keep up with the characters. I had no problem at all. Love scence's weren't clumsy but just as hot as all her other love scenes. Let me tell you if you had a problem with those scenes because of grammar you have more problems than not liking a book! Thanks for another great read!!!!!!

Brody - FAR Review

By Fallen Angel Reviews

Brody by Joyee Flynn is the eighth book in the Resistant Omegas series.

Brody was sold to the dire wolf pack at the age of six and he was the first of fifteen Omegas who were held there until they were freed by the members of the Omega Network. Omegas had been sold to the highest bidder and used to give their inner circle power without anyone to help them until the Omega Network was set up. Brody had his omega powers activated as a child when his alpha sexually abused him. He did everything he could to protect the younger children, even if that meant taking their place in the alphas bed.

Tristan, an omega, is captured by the Wolf Council for questioning and the Omegas fear that the past may be

repeating itself. Hundreds of years ago, Omegas were killed by their inner circles because they were frightened of the powers they were gaining. Wesley, the strongest Omega, goes to Lord Ellys, an ancient vampire, to go to the council to testify about the atrocities committed against the Omegas, since he had been alive at the time. As Wesley and the Omegas start the task of assessing the council members to ensure they were the correct individuals to be there, Brody's powers begin to spiral out of control. Brody meets Leif and Asher, two Beta candidates, and immediately feels connected to them. While struggling with his feelings for them, Jaxon, an alpha, arrives to be tested and instantly falls for Brody. Now Brody has the inner circle he never wanted, but desperately needs to ground his abilities. Can Brody overcome the trauma he endured and look towards a better and brighter future?

I was taken by surprise by the way this book started. I knew that this confrontation would occur at some time, but the way it unfolded took my breath away. It was horrifying the way the Omegas and the Vampires were almost exterminated hundreds of years ago, but Lord Ellys' willingness to assist them in anyway showed that it was time to set the record straight. As Brody's past was revealed, it was easy to understand his hesitancy to trust Leif, Asher and Jaxon. It was sad how he felt that he was to blame for the abuse the other children with him took, when in reality he shielded them as much as he could, figuring he wasn't much older than they were at the time. As the powers of the Omegas increase, it was easy to understand why others would be afraid, except that all they wanted was to live in peace with their mates. Someone brought up the point that maybe there was something or someone that forced the inner circles to kill their Omegas hundreds of years ago, but no one knows. That is one question to the many secrets about the Omegas that has yet to be revealed.

Why do I keep reading these?

By With A C

It's not a novel, it's a wordy short story. Characters are cardboard cutouts with almost nothing to identify them from one another. The sex is clumsy and formulaic, the plot half-baffling and half-boring, the dialogue wooden and stilted. Maybe the author has to write a certain number of these to fulfil a contract? Regardless, this took me all of 40 minutes to read, and I'm annoyed I devoted even that much time to this mess.

And I even LIKE gay werewolf porn, too.
