DEATH ON THE DEVIL'S TEETH: THE STRANGE MURDER THAT SHOCKED SUBURBAN NEW JERSEY (TRUE CRIME)

BY JESSE P. POLLACK, MARK MORAN PDF

As Springfield residents decorated for Halloween in September 1972, the crime rate in the quiet, affluent township was at its lowest in years. That mood was shattered when the body of sixteen-year-old Jeannette DePalma was discovered in the local woods, allegedly surrounded by strange objects. Some feared witchcraft was to blame, while others believed a serial killer was on the loose. Rumors of a police coverup ran rampant, and the case went unsolved--along with the murders of several other young women. Now, four decades after Jeannette DePalma's tragic death, authors Jesse P. Pollack and Mark Moran present the definitive account of this shocking cold case.

You May Want to Draw A Bye on This Book

By Bill Emblom

The authors of *Weird NJ* magazine describe the various possibilities as to what happened to Jeannette DePalma whose body was discovered when a neighbor's dog brought home a partially decayed human arm. The book reviews the different scenarios as to whether the girl was murdered, a victim of witchcraft, or any other number of possibilities. Some individuals believed her and her sisters were wild teenagers and others thought not. The authors then go on to describe other neighboring cases such as the infamous John List case which create filler for the book. Photographs are provided throughout the book. I took a chance on this book. It didn't work out so I'll donate this book to our public library.
