About the Author

Robin Rice is an internationally published author, online teacher, social thought leader and mentor. Her writing has been translated into three languages and distributed in nine countries. She has traveled the world to study indigenous leadership from a wide variety of traditions and these themes are the background for all of her work. Blending the past and the future to meet the needs of the now, Robin created Be Who You Are Productions, Inc. as a way to bring spiritual and personal growth to much needed global change. It is a creative organization that offers solutions to social change in both profit and "gifting" platforms. The company creates a no-cost social change project for the betterment of the world each year.

In addition to teaching contemporary shamanism and "Healing Through Presence And Beauty" workshops and online apprenticeships, Robin offers deeply personal Executive Change Consulting to artists, doctors, entertainers and other leaders whose work touches the lives of others.

International Kudos For Robin's Work:

"Robin Rice is whatever we need her to be. I see her most affectively as a visionary, a mastermind. She can go into groups of people and move the entire group forward. She can revolutionize a trend and take it in a much more meaningful direction. Big mind. Brilliant thinker. Problem solver. A light not of this world, lighting this world. With global reach." -McCall E, Utah.

"Robin's voice is an incredible vehicle. The music is so compelling. She has the ability to make people focus inward and listen just by speaking. Her tone is important--I don't enjoy anything preachy, lecture-y, or

ominous. I appreciate optimism, positivity, humor, and issues I can relate to. Robin always offers that." -

pure magic.

By JennLP

I couldn't put Do-Overs down. There is just so much in this book - dreams, the Sidhe, ancient deities and the land of Ireland...it's a beautiful story. Robin brings the old myths to life through her characters...and I love that. it's a magical visit to Ireland and a love story - a real love story... there are hints at the very nature of the fabric of dreams and reality and how we can shift back and forth between them - those were some of my favorite parts and where I've gone back again and again, like reading an ancient map... I just loved, and the intense yet loving figure of the "Hag" is so well met.....

Do-Overs....a must read!

By J Gentile

Do-Overs did me over! It really was a great read but more importantly, a great read with a powerful impact on the way I see the world...how I make decisions....how I bite the bullet. We can be so much more and the world needs us to be so much more than one more ego sitting in waiting for what is going to happen next....to us! I am in my 2nd reading of this book and have given it to everyone I know. It should be on everyone's must read list!
