Defeat psoriasis by taking a holistic approach to your health. “Essential Oils for Psoriasis – Getting the Best Out of Holistic Medicine” is a book that aims to help psoriasis sufferers relieve the painful and life altering affects from this skin disease that is rarely acknowledged in contemporary society, even though it is as old as the beginning of time. Essential oils are a key ingredient in the application of aromatherapy and holistic medicine and their use has proven quite popular. If you are the three percent of the global population who has endured the symptoms of psoriasis, this book will equip you with all of the need-to-know facts about all of the essential oils that have helped numerous psoriasis sufferers where conventional medicine has fallen short.

Essential oils for many have proven to be an effective remedy to healing the sore and painful lesions that develop as a result of the disease. The book will go through the basic understanding of psoriasis, essential oils and their relationship to each other. It will provide a comprehensive overview of each of the 24 oils that have shown some impact on psoriasis symptoms and the basic components and properties of each one, followed by recommended blends and recipes. It will suggest complementary oils and ingredients to use with recommended essential oils. Finally it will explain how to use the information in the book to gage a more personal solution and gain the most impact on your life.

Read this book if you are a psoriasis sufferer, struggling to manage recurring symptoms using your current treatment, or if you are interested in learning how essential oils can help treat skin disorders like psoriasis. By the time you’ve finished reading you’ll feel empowered to make the right holistic choices for a better quality of life.

If you or a close one has this problem, then you should also have this book.

By Gary Gedall

I was asked to write an 'honest review' of this book, so here it is.

This is a clear and very complete book on how to use essential oils to combat, the particularly unpleasant skin complaint of Psoriasis.

The introduction to both the essential and carrier oils are simply written, but, as I have said, very clear and complete.

Then there is a multitude of different recipes, or mixes based on the different essential oils.

What is very reasonable, is the range of different possibilities offered, as a therapist, (psychologist, psychotherapist), I am well aware that for any given complaint, the 'one size fits all', attitude rarely works. It is important to be able to offer alternatives, if the first attempt at treatment, draws a blank.

Having all these different possibilities, as much as possible, gives great hope that one of them will be the cure for you.

If you or a close one has this problem, then you should also have this book.

The book recommends several types of essential oils -- they are "essential" because they still carry remnants of plant's fragran

By Amazon Customer

This is a very handy book for anyone suffering from psoriasis. Sadly, there is no consistent cure for this disorder, but using special oils can certainly alleviate the symptoms. The book recommends several types of essential oils -- they are "essential" because they still carry remnants of plant's fragrance from which they are derived -- that are easy to make or order online. A very easy and straightforward guide with no filler!

Treatment for psoriasis

By James Andrew

A very informative and helpful book for all those people who are suffering from with psoriasis. With no permanent solution for this disease, this book give you some hope by using some special oils we can cure the psoriasis. And you will also get to know that how to use essentials oils and use it on your skin. with whole mind and focus on the treatment of specific diseases, this book is much worthy and beneficial. must read book.
