Great gift

By Billy

Bought this as part of a gift for my girlfriend about a month ago and have had a fun time with it. There are some pretty neat activities to do. We just did a couple pages today and found ourselves laughing constantly. I would say its better for young adults than older though. Would buy again....its worth the money =)

Lots of drawing

By Scarlet

This book is cute and my boyfriend and I have enjoyed it but be warned that there are lots of drawing activities and if you're not into that then you'll get bored with this quickly. I'm a sucky artist so I've been skipping over the drawing activities.

cute n sweet.

By WhitWhit54

very fun and light activity book for a rainy day or just because. I found it funny and entertaining and its a

good keepsake to look back on. (a nice book if you want to do something with your significant other and not get into any arguments because of the content of the questions) Very light and upbeat questions.
