Can't get enough of Rae and Wulf story!

By kaye

I can't believe all these happened mostly within a day! The story, as expected, is equally captivating and sigh-inducing. I can't help it! It's just a short story but it will definitely satisfy your craving for swoons!

Wulfram is just the perfect book boyfriend ever, and Raegan is just adorably country - they may have grown up in a very different social stratum, yet they are perfect together. I do not see myself getting tired of reading about my favorite couple! And to think it all started with a hot night against the wall with a Blonde Hottie!

I enjoyed it as I have enjoyed reading her other work

By lclarke1

I received an ARC copy in exchange for an honest review.

In this story we catch up with Rae and Wulf before their wedding and we find out about the events that took place before the wedding that were mentioned in her book Nothing Else Matters. While this is a short read, I enjoyed it as I have enjoyed reading her other work. This story left me wanting for more and it also showed

where other stories can and most likely will evolve. I just can't wait to see what happens next with her characters!!

I always love Ms Babylon's characters

By Dawn Yacovetta

This one answered some questions that were rattling around about Rae and Wulf. I think, he'll always have a soft spot in my heart, because as controlling as he is, he has a heart that is in just the right spot, especially for Rae. I always love Ms Babylon's characters. They're deep and well developed. The stories are never straight forward but full of twists and turns that still get you to where you want to be in the end. And of course, this one ends where with the arrival of Georgie and Xan. It would almost be worth it to read some of these simultaneously, following the timeline to see exactly where everyone fits in.

Another hit, beautifully written, leaving me wanting the story to move forward from here. Well done!
