The perfect blend of business and drama, *My Fight to the Top* is a unique, heart-rending autobiography that has mass appeal, whether the reader wants to learn how to get ahead in business, or simply learn how to keep it together through life's challenges. From the rough East End of Glasgow, Michelle Mone overcame the physical violence of school bullies, the emotional trauma of financial difficulties at home, and the tragic paralysis of her father, to become one of the UK's most respected entrepreneurial women. From the simple experience of wearing an uncomfortable bra, Michelle created the Ultimo brand, now worth £50m. However, the road has been far from smooth, and the pressure of trying to build a business and be a good mother brought her marriage—and her health—to the edge. But with steely determination she fought back, striving to make Ultimo a genuine success story.

Inspirational and Real

By TheCrystalFerry

Michelle is a true inspiration. In a world full of get rich quick schemes and 5 hour work weekers, Michelle stands for hard work and perseverance. This book is open, honest, and an easy page-turner. I will forever be a Michelle Mone fan after reading about her story. Don't miss out on this gem.

excellent warts and all story of a inspiring woman's fight to the top

By tmb

I have read a lot of books in this genre and *My Fight to the Top* by Michelle Mone is the standout. Where lots of books pay lip service to "the bad times" and "risks" this one goes beyond - you can feel the emotion and Michelle isn't afraid to present herself as human.

If your objectives, like mine, are to read something at the end of which you feel inspired and empowered, but

also better informed than when you started, read this book. If you are running a startup and want to see how close things came to breaking on multiple occasions for this successful global brand, read this book. I certainly know I'll be reading it again!

Michelle Moannnnnnnnn

By eoin mccarthy

Every second page had " I cried" or " another fight with my husband". This book was very disappointing. Moan after moan after moan and everyone was to blame except the author. Michelle Mone came across to me as someone very insecure whom still sees material wealth as a path to happiness. Unfortunately this book was a boring read.
