So, the means for you to get this [Princesses Don't Fight In Skirts By Aya Ling](#) will be so very easy, will not you?

PRINCESSES DON'T FIGHT IN SKIRTS BY AYA LING PDF

Who says a girl can't wear a dress and wield a sword?

It has become fashionable now for princesses to run away and seek adventure. Princess Arianna of Linderall, however, is willing to stay home and be proper. She screams when she sees spiders, enjoys sewing and dancing, and always looks at her reflection first thing in the morning.

What happens when her great aunt, the first woman warrior in history, decides that Ari is too "traditional" and sends her off to the Royal Rivieran Academy of Fighting Arts? Can she survive the vigorous physical training and earn the respect of her peers? Moreover, can she attract the attention of a prince even when she's forced to relinquish makeup and dresses during training?

A step up from the last princess book!!!

By I/RJunkie

I had the opportunity to beta read for this upcoming novel and I absolutely loved it!!! If you liked the first book, you'll really love this one!!! It's so action packed, a big change of pace from Princesses don't get fat.

At first I wasn't sure I would like Arianna. She's spoiled, conceited and so full of herself that I just didn't think for one minute that she could become a warrior maid. Even she didn't want to become one, all she wanted was to be beautiful, married and fashionable; so at first I wrote her off.

But Arianna showed a lot of growth throughout the story. Yes she was still self centered, conceited and full of herself but by the middle of the book she grew to be likable. There are a lot of great new supporting characters. The women are hella strong in this book, it made me wanna go pick up a sword and become a battle maiden!!! I also liked the return of the characters I loved in the first book!!!

Overall Princesses don't fight in skirts was a really strong sequel with tons of action. You really don't have to read the first book to follow this book, but since there are returning characters it would be helpful if you did!

I really liked Prince James. He was so different from his older brother Ralph, who appeared in the first book.

He was an eccentric prince and I loved that about him ;)

I look forward to her next book!!!

Loved it!

By Dena

I seriously love the way Aya Ling writes. I had the chance to beta read this book before it was published. I loved it then and I loved it again when I read it for the second time after publication.

In this book we get to follow princess Arianna of Linderall as she unwillingly attends the Royal Rivieran Academy of Fighting Arts. She must learn all the skills required for adventuring when she would much rather order a new gown. The writing is light and quick to read. It's a very clean book, so even Tweens can enjoy it without parents worrying over content. There is light humor and a sprinkle of romance throughout the book.

Arianna goes through quite a big change during the course of this story. She goes from being pampered and rather useless to being an independent and courageous young woman. She doesn't lose herself, and she doesn't change completely, which I really liked. She stays herself. Highly recommended for fans of clean fairy tales and coming of age stories.

Thoroughly enjoyed the story

By Whirlwind509

Following in someone's footsteps is hard enough when you want to be there, when you don't, it's even worse. This is a wonderful story of a young girl everyone expects to behave in a certain way; simply because of who she is. As time passes, she begins to find what is important to her, and to believe in herself, realizing compromise isn't such a bad thing.

The story is well written with characters that are easy to understand. I thoroughly enjoyed this story and will be giving it as a gift to all the young girls in my family.

Well done!
