Robert Frost's well-known poem takes on new life in its first picture-book adaptation. The poem--long appreciated for its strong rhythm and evocative images--leaves readers wondering, "Where was the man going on the darkest night of the year?" and "Why on earth did he stop by the woods in a snowstorm?" Artist Susan Jeffers answers these questions visually--the kindly older gentleman who narrates the poem stops his sleigh to feed the forest birds and creatures. He stops once more to visit his daughter and grandchildren, then is off again through a blizzard, with many miles to go before he can sleep. The silent beauty of a snowy night shines through Jeffers's artwork; the man's clothing and blanket are the only bright touches of color in the white and wintry world of the woods. This quiet yet powerful book has a magic all its own. (Ages 4 to 7)

From Publishers Weekly

Robert Frost's *Stopping by Woods on a Snowy Evening* with Susan Jeffers's 1978 illustrations plays up a festive family atmosphere. Jeffers warms the snowy b&w scenes by accenting coats, blankets and birds with muted colors. A frosty vellum cover evokes a wintry feel.

NOTE: Age Range: 4 - 8 years; Grade Level: Preschool - 3

Ever since it was published in 1978, the picture-book presentation of Robert Frost's poem "Stopping by Woods on a Snowy Evening" has been an enduring favorite. For this special edition with a new design, trim size, and three new spreads, Susan Jeffers has added more detail and subtle color to her sweeping backgrounds of frosty New England scenes. There are more animals to find among the trees, and the kindly figure with his "promises to keep" exudes warmth as he stops to appreciate the quiet delights of winter. The handsome new vellum jacket will attract new and old fans as it evokes a frost-covered windowpane. This celebration of a season makes an ideal holiday gift for a child, a teacher, or a host.

Robert Frost (1874-1963) is one of America's most celebrated poets and a four-time winner of the Pulitzer Prize.

Susan Jeffers is the illustrator of such distinguished picture books as *Three Jovial Huntsmen*, a Caldecott Honor Book; *Rachel Field's Hitty*; and the ABBY Award-winning *Brother Eagle, Sister Sky*, which was also a New York Times best-seller.

Simply beautiful...

By K. L Sadler

This particular poem is my favorite Robert Frost poem, and is one of my top five favorite poems. I was hoping that this book would portray the simple beauty and nuances of this poem, to read to my granddaughter. It more than met my expectations. Even my husband, who is a photographer and who doesn't read as much as I do, found the artwork in this book to convey beautifully the words of Frost's poem.

This poem was not intended for children, and has many facets to it. But good poetry must be taught and appreciated early, and this book will help parents and teachers to show appreciation for poetry. If it doesn't start with the parents and teachers, then the children are never exposed to it.

Whenever I read this poem, and now this book, it conveys a sense of peace, a sense of being quiet, of learning to look for the beauty in the world around you. This should be a classic.

Breath Taking

By Lori's Mommy

I remember this poem from 4th grade (I am now 40). Even to this day, I could recite the 1st four lines and I haven't read the poem since 4th grade....until now. I now have a 3 yr old daughter and am searching for books to read to her above her age level. Seeking to introduce her to various subjects, authors, etc. Remembering this poem, I went specifically in search of it and found this book. I LOVE it! And so does my daughter. I love the gentleness of the illustrations, the little splash of color and the quietness it offers. My daughter loves the color, the horse and various animals, and, as any child does, searching for the hidden animals in some of the pages. When we sit and read this book, it's not just a one time reading. It's at least 4 times. I highly recommend this book not just for the literary benefit, but also for the little bit of quiet snuggling time you get.....What can be better than that?

A Child's introduction to a perfect poem

By Lawrence

I have always loved this poem. I would not have thought it could be produced so a child/young adult would understand or want to understand the poem. However put into the style of a childrens picture book Susan Jeffers has achieved this. This view she communicates generously to the reader via sketch-book imaging. By

highlighting the sleigh-rider in colour it adds extra strength to the narrative, while everything else is just black and white drawing. Susan Jeffers manages to give on one hand a simple picture story and at the same time present the child with one of the most beautiful of Robert Frost's poems and hopefully make them think further as to what means. To make a child think and be aware of the intangibles in tangibles is an extraordinary feat.

Should be given to every child.
