Wonderful information

By REB

I purchased two of these books to send as gifts for nieces of mine. They both have small children that will be coming of age soon to understand what this book is about. The presentation and idea's in the book are simple and to the point. I would recommend anyone who has friends, relatives and especially children of their own to purchase this book. The idea that can you prevent any child from falling victim to such a horrendous crime, is a gift that will last a lifetime. I highly recommend purchasing this book not only for your own children, but as gifts to others who have children.

Not a great book

By Colleen Kobyleski

I bought this book for my son, who is in Catholic school, apparently this is the book that they read to prevent sexual abuse. The book was vague, and didn't find it useful.

The Birthday Suit, a perfect addition for your child's library

By Maria

This book is a must for a young child. The book's focus aims to keep our children safe, and Kristina Muldoon does this in an inspired and creative way.
