Invaluable Resource

This is a wonderful reference book highlighting important holidays from all over the world. I had a copy years ago when I lived overseas and thought it lost until it turned up in an old box in my garage... after almost ten years of looking for it!. Seriously, I can't praise this book enough. It also has wonderful information regarding the lunar calender and how most if not all major religions use this alternate cycle of measuring time.

Beautiful book!

I loved this book! I was so upset when it was stolen in 1988. I fuzzed and fumed and searched - for years! I am so happy I found two copies on Amazon - bought both of them so I can give one to my now grown daughter and keep one for myself.
