Fantastic Reference!!

By Penelope

If I was heading to a deserted island that UPS couldn't reach and I could only take ONE Zentangle book along, this without doubt would be the one!!

Highly Recommended!

Love this book! I currently have over a dozen zentangle books and this book has quickly become my 'go-to' book when tangeling. Instructions are quite clear and I also like the detail that is shared about the history behind The Tangles and what they mean to the author. Beate has a very active website as well and is very active in the zentangle community which is always good to see from an author of A Zentangle book. Highly

recommended!
