If you do serious research on the Cherokees these books are a must in your research tools and worth every penny. Births, marriages, family relationships that are not recorded in census records or elsewhere are included in these diaries.

Amazing Enterprise

By Jason Stacy

Rowena McClinton's translation of the Marovian German is executed with care and accuracy. The result is not only a fundamentally useful document, but a pleasureable one to read as well.

The Moravian Springplace Mission - 2 volume

By Leslie D. Aselis

Both times they sent this out I only received volume 1. Had to return and than was told they had a lot of problems with this product. Had to call on phone twice and last call was told they were going to credit me 10 dollars and were going to waiver charging my credit card 99 dollars to replace the book yet a third time. Than not until I inquired a third time was told the were not shipping it out and were crediting my credit card for the refund.
