Love It!!!!

By Maggie May

I have been a *Secret* follower since its inception. This is an Absolutely PERFECT book for my grandchildren! I'm going to keep 1 for me and the kids will all be receiving one for Christmas!

Good storyline

By goo b.

So thrilled that this series has been made accessible to children. This book has neat illustrations..not overly colourful though which may detract from maintaining attention or focus on the pages as they are being read. I love the meaning behind the story and how it encourages kids to imagine. I think that if the story is being read repeatedly and debriefed, then kids can take more from it than simply shelving it for a month. Was looking forward to its release, and am very impressed.
