So, the way for you to get this [The Professor's Secret By Katie Devoe](#) will be so very easy, won't you?

THE PROFESSOR'S SECRET BY KATIE DEVOE PDF

Natasha Carson's life is perfect. She's a respected novelist, the youngest fiction professor at a prestigious university, and every night she comes home to a perfect man who absolutely adores her. There's only one problem. No one, not even her boyfriend, knows that she pens bestselling BDSM erotica in secret. And that's exactly how she wants to keep it. Then Adam LaRue enters Natasha's classroom and her life, threatening everything. The gorgeous grad student isn't just a kinky temptation – he knows her secret. And makes it clear that one way or another, he'll have her in his bed. As she watches her life crumble around her, Natasha must ask herself, Is it really as perfect as everyone believes? *The Professor's Secret* is an erotic tale of self-discovery and what happens when the line between fiction and reality blurs.

I wish I was warned about the cheating...

By jfer

This cover is great. This story is very erotic. The author does this part very well! The story is mostly great too. Here's my issue...cheating. I am one of "those" readers that actively chooses to NOT read a story that involves actual cheating. I don't mean when the H or h walks in and finds their significant other with another person then kicks them out. I mean the kind where the h (in this case) is in a relationship and chooses to participate in another relationship with another man while still dating/living with/involved with her significant other - while he is unaware and that is a big part of the story. I can not get past that. That ruins the story for me. I wish there would have been a warning. That being written - I did enjoy the h's secret life as a writer. That part of the story was written well.

I felt that the book was incomplete. Maybe there is going to be a second book? It just ended and made the reader wonder what happened, no epilogue, nothing.

I gave this book three stars because even though reading about cheating isn't for me, I know others may like reading it and those that do will enjoy this book (minus the ending).

If you are looking for something a little different you won't regret picking up *The Professor's Secret*.

By Bare Naked Words

I really enjoyed *The Professor's Secret*. Because I was intrigued by the title I didn't properly read this book blurb (yes, I'm the person that will buy a book because I like its cover...) I presumed this was a male professor/female student kinda secret, but I was so wrong!

The professor was female, Natasha Carsen, I found it refreshing that the book was written from her POV but this was a refreshingly different book from the get go. I found myself constantly surprised by the way the story unfolded, and lets face it, what more can you ask from in a book?

Her secret wasn't an illicit affair with a student, it was that she was an erotic writer on the side, something that she knew would affect her career if it came out, so much so that her long term partner doesn't even know.

Katie's writing in the respect of portraying Natasha's internal struggles with her alter-career, her relationship with the very loving Christopher, and her sexual needs is incredibly insightful. It shows Natasha in all her flawed glory whilst allowing the reader to empathise with her dilemma's.

Enter Adam...

Yes, he's a student, but he knows Natasha's secret and wants Natasha. Adam can show Natasha a side to life that she's only ever dreamed about, or in her case, written about. He makes her question everything she thought she knew and Natasha's story makes the reader how they would react, faced with such a crossroads in life...

This book is extremely erotic and sensual; it shows us love and lust and how the lines can blur between the two. The story within the story is genius and it is extremely well written.

If you are looking for something a little different you won't regret picking up *The Professor's Secret*.

3.5 Stars | *White-Hot Steam* I'm still fanning ...

By The Lusty Literate

3.5 Stars | *White-Hot Steam*

I'm still fanning myself over this insanely hot, angsty and heartbreaking erotic/BDSM story.
