Why don't you utilize your gizmo or various other device to conserve this downloaded and install soft documents publication The Rich Employee By James Altucher Through this will let you to always be accompanied by this e-book The Rich Employee By James Altucher Obviously, it will be the most effective good friend if you read this book [The Rich Employee By James Altucher](#) until finished.

THE RICH EMPLOYEE BY JAMES ALTUCHER PDF

Not everyone is cut out to be an entrepreneur. Many of us are happy to have a job, we just want a better job, one that fulfills us, makes us wealthy, and brings us satisfaction. Still, income is now permanently going down versus inflation for the average employee. Industry, knowledge, and management are all being outsourced cheaply to other countries or to technology.

Many people mistakenly think that the solution is entrepreneurship. That "entrepreneurship is the pathway to riches". This is not true. Being an entrepreneur does have great upside but also it has a well-known rate of failure of 85%. There is no way to predict your way out of that 85%.

The solution is to become a rich employee with the mindset and techniques described in this book. This is the first book ever to detail how one can become a rich employee in our times. And there is more: companies in this new century will only succeed if they encourage their employees to develop The Rich Employee mindset.

Written by the author of "The Choose Yourself Guide to Wealth" which USA Today has called "One of the 12 Best Business Books of All Time" and also the author of WSJ and USA Today bestseller "Choose Yourself" which Forbes recently called one of the "Top Five Books Every Entrepreneur Must Read", this book gives you the tools to find satisfaction, meaning, and true wealth as a rich employee

Excellent Theme Concept, Not So Great Execution

By Mortal Man

I enjoy reading James Altucher and appreciate his sensibilities. I even corresponded with him briefly a few years ago, and appreciated his input on some writing I showed him. The theme of this book immediately caught my attention because I'm in a situation where I recently sold my own online business and concurrently took a job related to the deal, whereby I am once again a salaried employee after nearly 20 years of entrepreneurship and solo consulting. With soon to be college-age kids at home, this was the right move for now, and it's nice that James addressed the notion that being in business for yourself is not necessarily the end-all and be all for a fulfilled life.

I'm going to be a little bit critical, though, with 3 stars (not worthless, but short of greatness!) by saying that the book seems a bit rushed both technically (typos, rough phrasing) and content-wise, where it seems that James is pulling in a grab-bag of self-help thoughts and ideas, which in some cases are contradictory and inconsistent. For example, in one section, he says it's "easy to caught up in ego..." etc. as a caution and in another "Ego. A real belief that you can be the best..." as foundation of persistence.

James likes to say that he doesn't give advice, just talks about what works or worked for him. Then why drag in all sorts of random advice and examples which don't fill out the theme, in my opinion, and seem wholly derivative in their presentation.

Recently on a long-drive for work I listened to James and Claudia interview Michael Singer, which for me was one of the most inspiring podcasts he's done - I had never heard of Singer, but I've listened now to that podcast multiple times and read his books because of that. For me, the inner journey is what "choosing yourself" is all about. If you can get past the clutter of your mind and the crazy externals, answers come. But much of this book just recycles trite bromides and success tales in a narrative that is a bit incoherent.

Finally, James' branding of "Choose Yourself" as the basis for yet another ambitious self-help enterprise is a bit off-putting, and the cynical part of me sees him entering that mutually admiring, inner circle of "famed" millionaires and billionaires who for all their accomplishments are not that interesting. They all love to interview one another! "Choose Yourself (R)" has arrived, and as the last section of the book outlines, you can form a local group - and they have formed - to spread the gospel. I don't mean to sound snarky, but that was my reaction. It's probably all good!

Anyway, I hope James can maintain originality and fresh insights in his ongoing writing and interviews - I'll stay tuned. Peace!

Couldn't finish.

By Sabrina

I couldn't finish it. He encourages being a suck up at your job. I respect my bosses and co workers, but I am not going to stroke someone's ego. This is not the book for me.
