TRAVERSING PHILOSOPHICAL BOUNDARIES BY MAX O. HALLMAN PDF

TRAVERSING PHILOSOPHICAL BOUNDARIES is the most comprehensive multicultural anthology for introductory philosophy on the market today. Addressing six primary philosophical concerns--the self, reality, epistemology, ethics, politics, and religion--this book contains not only many readings from the Western canon, but also essential readings from many cultural perspectives not typically included in introductory philosophy classes. Asian, African, African-American, Latin American, and Feminist traditions are broadly represented and fully integrated into the exploration of these fundamental matters. The text also includes several readings from the sciences, with selections from Charles Darwin, Stephen Hawking, and Jared Diamond.

The writer put it together well and for a text book it's Really good for a subject so heavy

By Brook Jackson

Makes me want to read more about each philosopher. The intro to each work is really helpful too along with the questions. The writer put it together well and for a text book it's Really good for a subject so heavy.

Four Stars

By Sharon L. Lara

Written well. Definitely less confusing than the edition they were using prior to this.

Three Stars

By Steven Alvarez

Expensive book but too much money to spend on a book with pages falling out of it.
